The petition also alleged violation of the following additional mandatory condition: The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment or placement on probation and at least two periodic drug tests thereafter, as determined by the court. The petition also alleged

The petition alleges that Defendant committed the following acts with regard to the remaining violations: On June 20, 2011, Defendant submitted a urine specimen that tested positive for methamphetamine.

Prior to the Government putting on its case, Defendant entered a plea of true to the remaining violations.

RECOMMENDATION

The Court recommends that the District Judge revoke Defendant's supervised release. Pursuant to the Sentencing Reform Act of 1984, the Court recommends that Defendant be committed to the custody of the Bureau of Prisons to be imprisoned for a term of eighteen (18) months with no supervised release to follow. It is also recommended that Defendant be housed in the Bureau of Prisons, Texarkana Unit. It is also recommended that Defendant be placed in the 500-hour drug treatment program.

After the Court announced the recommended sentence, Defendant executed the consent to revocation of supervised release and waiver of right to be present and speak at sentencing. Defendant and the Government also waived their right to file objections.
